SPEAKERS

Adrian T. Saurin
University of Dundee, UK

Anne Schläitz
Heidelberg University, DE

Elmar Schiebel
Heidelberg University, DE

Frauke Melchior
Heidelberg University, DE

Gislene Pereira
Heidelberg University, DE

Gohta Goshima
Nagoya University, JP

Ingrid Lohmann
Heidelberg University, DE

Isabelle Vernos
CRG Barcelona, ES

Jan Ellenberg
EMBL Heidelberg, DE

Judith Paridaen
ERIBA Groningen, NL

Marina Mapelli
IEO Milan, IT

Oliver Gräß
University of Bonn, DE

Renata Basto
Institute Curie Paris, FR

Sergio P. Acebrón
Heidelberg University, DE

Simone Reber
Humboldt Berlin University, DE

Susana Godinho
Barts Cancer Institute, UK

Sylvia Erhardt
Heidelberg University, DE

Thomas Worzfeld

	Monday 4th February		Tuesday 5th February		Wednesday 6th February		Thursday 7th February
		9:00 - 11:00	Cell signalling & Mitosis I	9:00 - 11:00	Mechanisms in asymmetric cell division I	9:00 - 11:00	Emerging methods to investigate mitosis I
11:00 - 13:00	Registration	11:00 - 11:30	Coffee Break	11:00 - 11:30	Coffee Break	11:00 - 11:30	Coffee Break
		11:30 - 12:30	Cell signalling & Mitosis II	11:30 - 12:30	Mechanisms in asymmetric cell division II	11:30 - 12:30	Emerging methods to investigate mitosis II & closing remarks
13:00 - 15:30	Welcome + Molecular machines during mitosis I	12:30 - 14:00	Lunch	12:30 - 14:00	Lunch		
15:30 - 16:00	Coffee Break	14:00 - 15:00	Cell signalling & Mitosis III	14:00 - 16:00	Misregulation of mitosis and disease I		
16:00 - 18:00	Molecular machines during mitosis II	15:00 - 19:00	Poster session	16:00 - 16:30	Coffee Break		
18:00 -	Speaker's dinner in town			16:30 - 18:30	Misregulation of mitosis and disease II		
		19:00 -	Free evening	18:30 -	Get together		

Speakers

- Adrian T. Saurin (University of Dundee)
- Anna Schlaitz (Heidelberg University)
- Elmar Schiebel (Heidelberg University)
- Frauke Melchior (Heidelberg University)
- Gislene Pereira (Heidelberg University)
- Gohta Goshima (Nagoya University)
- Ingrid Lohmann (Heidelberg University)
- Isabelle Vernos (CRG, Barcelona)
- Jan Ellenberg (EMBL, Heidelberg)
- Judith Paridaen (European Research Institute for the Biology of Ageing, Groningen)
- Marina Mapelli (European Institute of Oncology, Milan)
- Oliver Größ (Bonn University)
- Renata Basto (Institute Curie, Paris)
- Sergio P. Acebrón (Heidelberg University)
- Simone Reber (Humboldt Berlin University)
- Susana Godinho (Barts Cancer Institute, Queen Mary University of London)
- Sylvia Erhardt (Heidelberg University)
- Thomas Worzfeld (Marburg University)
